**GREEN LINE CONTRACTING CO. LTD.**

C.R.1010586873 ————— س.ت: ٥٨٦٨٧٣.١.١.

## INTRODUCTION

**Green Line** is one of Saudi Arabia's reputable, experienced and specialized company in Building Trades, Electrical, Mechanical, HVAC and Civil Projects. **Green Line** has contributed to various important projects in the Kingdom of Saudi Arabia and is the registered contractor for Saudi Aramco, SABIC, MA'ADEN, SWCC and SEC.

Incorporated in 2020, **Green Line** has focused on a culture of partnership and synergy with global EPC groups thus blending the strength of engineering, procurement, fabrication, construction, logistics and project management under one window. Recent developments have added specialized maintenance, inspection, plant commissioning, operations and technical training to its already diversified portfolio.

Responding to the growing business needs, **Green Line** carefully diversifies its business activities into several sectors and a varied market from Power to Chemical / Petrochemical to Oil & Gas to Buildings & Infrastructure sectors. With a growing business footprint through strong partnerships and focusing clients in KSA as well as Middle East and Ports, **Green Line** is poised to become a regional leader in the EPCC market.

## **Core Values**

### **PASSION FOR OUR COMMUNITY**

At Greenline we are dedicated to providing exceptional EPCC services. We listen carefully and professionally respond to the needs and expectations of our customers and our community. We encourage creativity and innovation as we constantly seek to improve our engineering services and to enhance the quality of life in our community. At Greenline, each individual makes a difference.

### **INTEGRITY IN OUR WORK**

We are professional and honest in our working relationships. We strive for equity and fairness in our decision making and in our treatment of one another. We honor our commitments. We hold ourselves accountable to the highest ethical and performance standards.

### **RESULTS THROUGH COLLABORATION**

We respect diversity and create synergy. We get the job done. We value our culture of participation, building strong partnerships across our organization and within our community. We respect individual differences, recognizing they are part of our strength as a team. We share ideas to inspire and learn from one another.

## **QHSE Policy**

GLC provides Engineering and Construction services for infrastructure and Industrial projects. We all are committed to provide and continually improve quality of our products and services by adopting sound working practices in a manner that achieves and sustain customer satisfaction, without compromising on health, safety & environment (HSE). Quality, health, safety & environmental system (QHSE) is an integral part of our company culture. The company views QHSE compliance as a primary management responsibility and key to business success. GLC QHSE system has the active commitment of all management, employees and other stakeholders. Through continual improvement and firm application of our QHSE management system GLC conducts its business in a manner that should not harm people and have a minimal impact upon the environment. This includes: -

- Complying with all applicable regulation, legal laws and other requirements related to QHSE.
- Developing framework for establishing and reviewing QHSE Objectives and targets.
- Maximize focus on employee health and on continuously improving the work environment.
- Conduct our operation through efficient use of material and energy, with minimum waste and damage to the environment.
- Applying and supporting a hazards Identification, risk assessment and pollution prevention process which drives the implementation of controls to minimize the likelihood of injury or ill health and environmental damages.
- Providing sufficient information, advice, training and supervision to ensure that people under our control are fully aware of their responsibilities and are trained to undertake their activities and improve skills needed for our operation.
- Measuring and reporting quality, health, safety and environmental performance on a regular, consistent and meaningful basis and comparing this performance against a known benchmark.
- Performing our various operational activities in a manner that should not cause harm to our people or those persons around us and have a minimal impact upon the environment. Strive continuously for zero harm to personnel, material and non-material assets.
- Communication of our QHSE Policy to all interested parties (Management, employees and stakeholders) and also review this policy as and when required basis.
- We are committed to the highest quality standards in the Project Management & Execution of Mechanical, Civil & Electrical Projects for Customer Satisfaction.

## QHSE for Life

Greenline recognizes the need to control and improve quality, health & safety performance and environment. Do so with occupational health and safety management systems (OHSMS). GLC was audited by Moody International Certification Body in 2021 and certified for BS OHSAS 18001:2007. All business activities of Greenline are being undertaken under the compliance of ISO 9001:2008, OHSAS 18001:2007, ISO 14001:2004 and other applicable Federal, State & Local Regulations. Besides, following processes and programs are continually implemented for achieving LTI Free Performance Milestones:

- **GLC** Safety Induction Program (SSIP)
- Project Specific Health & Safety Plan (PSHSP)
- **GLC** Corporate Health & Safety Plan (SCHSP)
- Confined Space Awareness & Training
- OHSAS Awareness Training Workshop
- Hazard Identification Program
